# Associate Professor position

Entrusted by the Rector of the Silesian University in Opava, the director of the Mathematics Institute in Opava invites applications for one half-time Associate Professor position in the Department of Applied Mathematics.

## Qualifications:

The applicant should be a nationally recognized academic personnel, who holds Ph.D. in Pure or Applied Mathematics, Mathematical Economics / Finance or a closely allied field, and has achieved the rank of "Docent" according to the Czech legislation, or a similar level on an institution abroad.

The applicant should have at least 2 years' experience from a research or academic institution different from the Silesian University in Opava.

Track record of productive research (publications in reputable international journals, preferably including some without co-authors).

Candidates must demonstrate strong promise of integration into educational and research activities of the department.

Fluency in English, both written and spoken, is required.

## Job description:

The duties of the successful candidate will be both teaching (approximately 4 – 8 hours/week) and adequate research, including supervision of bachelor/master theses.

The successful candidate will be offered competitive salary with standard benefits.

Location of the position is in the city of Opava, Czech Republic.

## Start date:

The position is to be taken up on March 1, 2023; the date can be changed upon mutual agreement.

The initial contract will be for 3 years. After that, in case of mutual satisfaction, we will offer permanent contract.

Inquiries about the position can be addressed to: Jirina Bohmova, Mathematics Institute in Opava, Na Rybnicku 1, 746 01 Opava, Czech Republic, email: Jirina.Bohmova@math.slu.cz .

## Application process:

A complete application must include academic curriculum vitae, copy of the "docent" certificate (or its equivalent abroad), list of publications, list of active participations at conferences including the titles of contributions, list of citations, information about teaching experience (including theses supervision), and a motivation letter. These documents must be submitted to the email below no later than on February 6, 2023.

The successful candidate will be notified no later than on February 15, 2023.

We thank all applicants in advance for their interest.

Selection criteria:

Quality and recognition of the candidate's scholarly work.

Pedagogical experience, including theses supervision.

Promise of integration into educational and research activities of the institute.

Applications should be sent to: opening-doc23@math.slu.cz .
