SCHOOL OF BUSINESS ADMINISTRATION IN KARVINA

School of Business Administration (SBA) with its about 2 500 registered students and 80 high profile academic staff members is one of the top business schools in the Czech Republic and the Central Europe region. SBA provides higher education in programmes of Economics and Management, Finance and Accounting, International Trade, Banking and Insurance, Managerial Informatics, Marketing, Innovative Entrepreneurship and Digital Business.

The SBA has had a long tradition in education in English for domestic as well as international students through various international student exchange programmes. The key study major in Economics and Management is provided on all levels including doctoral studies. This major is also completely taught in English with full support and services for English speaking students. The education is maintained by five SBA academic departments: Economics and Public Administration, Business Economics and Management, Finance and Accounting, Informatics and Mathematics, and Tourism and Leisure Activities. This structure also determines the scope of SBA research which is concentrated to the following areas: business and marketing, economies and management, entrepreneurship and its support, banking sector, financial markets, monetary policy, regional economy, applied mathematics and informatics.
